# Tincho

Debian Developer

Ex-Googler (and Borgmon lover!)

Now a freelance sysadmin/SRE/developer.

# Debian?

Even if everybody here thinks we are irrelevant,  
we are still very much alive!

Sysadmins also need monitoring!

Integration, sane defaults, security support...

# Stretch released last May!

After two years of work...

Prometheus is in the latest  
stable release of Debian!

Also in Ubuntu, Kali Linux, and other derivatives...

# Core stack

Package	oldstable	stable	testing
prometheus	1.5.2	1.7.1	1.7.1
prometheus-alertmanager	0.5.1	<u>0.5.1</u>	<u>0.6.2</u>
prometheus-pushgateway	0.3.1	<u>0.3.1</u>	0.4.0
prometheus-node-exporter	0.13.0	<u>0.13.0</u>	0.14.0

# Exporters

Package	oldstable	stable	testing
prometheus-apache-exporter			0.3
prometheus-blackbox-exporter		<u>0.3.0</u>	<u>0.7.0</u>
prometheus-mailexporter		1.0	1.0
prometheus-mongodb-exporter	1.0.0	1.0.0	1.0.0
prometheus-mysqld-exporter		0.9.0	0.9.0
prometheus-pgbouncer-exporter		1.7	1.7
prometheus-postgres-exporter		<u>coming</u>	0.2.0
prometheus-varnish-exporter		1.2	1.2
mtail	git	<u>git</u>	3.0.0
cadvisor			0.25.0

# Client libraries

<b>Package</b>	<b>oldstable</b>	<b>stable</b>	<b>testing</b>
<code>golang-prometheus-client-dev</code>	<code>0.8.0</code>	<code>0.8.0</code>	<code>0.8.0</code>
<code>libnet-prometheus-perl</code>			<code>0.05</code>
<code>python3-prometheus-client</code>	<code>0.0.18</code>	<code>0.0.20</code>	<code>0.0.20</code>
<code>python3-django-prometheus</code>		<code>1.0.6</code>	<code>1.0.6</code>

# Thanks!

[tincho@tincho.org](mailto:tincho@tincho.org)

**Also offering Prometheus support :-)**
